

PaperVision®.com

What if you could easily manage your information?

DATA IS AT RISK.

More than 46% of companies experienced a data breach last year.
(451 Research, 2018)

DATA IS GROWING

The Global Datasphere will grow from 33 Zettabytes (ZB) in 2018 to 175 ZB by 2025. (IDC, 2018)

FINES ARE EXPENSIVE.

Noncompliance on average can cost organizations \$14.82 million.
(Ponemon, 2017)

“80% of businesses can't find a document or file on a regular basis.”

- Database Trends and Applications, 2018

How does managing information effectively help businesses?

Improves information security by using encryption to keep data protected at rest and while in transmission.

Provides secure access to information when you need it, no matter where you are or what device you're using.

Enables compliance by allowing tracking of every step and action done during the information lifecycle.

PaperVision®.com makes it easy to effectively manage your information.

We love that we can personalize how we code the documents to suit how we use them. The flexibility of PaperVision®.com has been **key to our success**. We have saved **\$891,000 in office space alone!**

- Georgia Pelton, Accounts Payable Administrator

“ Just when we thought the PaperVision® platform couldn't get any better, Digitech Systems has **raised the bar again!**”

-Jamie Bsales, Buyers Laboratory
